## CONSENT FOR TELEHEALTH CONSULTATION

1. I understand that my health care provider wishes me to engage in a telehealth consultation with video and audio use, as most insurance plans do not cover sessions completed with audio only.
2. My health care provider explained to me how the video conferencing technology that will be used to affect such a consultation will not be the same as a direct client/health care provider visit due to the fact that I will not be in the same room as my provider.
3. I understand that a telehealth consultation has potential benefits including easier access to care and the convenience of meeting from a location of my choosing with minimal distractions. **(\*Please refrain from driving a car or sitting as a passenger in a car during your appointment to ensure there are no HIPAA violations and/or additional distractions.)**
4. I understand I must assume appropriate attire for the appointment and be alert and engage with my provider during my appointment. **This means I must be up and attentive, not lying in bed.**
5. I understand there are potential risks to this technology, including interruptions, unauthorized access, and technical difficulties. I understand that my health care provider or I can discontinue the telehealth consult/visit if it is felt that the videoconferencing connections are not adequate for the situation.
6. Patients are responsible for any out of pocket expenses that are not covered by your insurance, which may include deductibles, co-payments, co-insurance, and non-covered services.
7. In the event coverage terminates or services are not covered, I acknowledge that I am responsible for all charges incurred based on contract provisions until its termination date.
